VICE-CHANCELLOR'S OBSERVATIONS

ON

THE ANNUAL REPORT—1971

1. I am making a few observations arising out of the report of the University for the academic year 1970-71. For practically the whole of the year under review, Prof. P. L. Bhatnagar continued to be the Vice-Chancellor and the progress that has been shown in various directions is due entirely to him and the Vice-Chancellors who preceded him. Coming from a slightly different set up, I took some time to understand the working of the various units and *agencies—teaching and non-teaching—of the University.* The session started as usual with representations, strikes, demonstrations etc. etc. Thanks to my colleagues, teachers, administrative officers and the members of the various University bodies most of the problems have been or are being tackled peacefully.

2. The Registrar's report outlines the main directions of the progress made in the teaching and affiliating wings of the University in the year under review. It will be observed that there has been an increase in the number of affiliated colleges during the year. The number of post-graduate colleges, under-graduate colleges and teaching departments increased from 21, 76 and 23 to 38, 91 and 25 respectively. Besides the increase in the number of institutions, the number of students both at post-graduate and *under-graduate levels also increased substantially.* The rate of this increase comes to about 20,000 per year. As had already been observed by my predecessor, this urgently requires some action on the part of the University as well as the State Government to ensure that the University does not become unmanageable. I addressed a letter to the Government in the beginning of the present session drawing their attention to the acute conditions developing in regard to admission, classrooms, laboratories, teachers, non-teaching staff and other connected matters on account of the annual increase in the number of students seeking higher education. I requested the

Government to start planning for the session 1972-73 well in advance. But changes in the Government, national emergency and elections seem to have stood in the way of the Government giving serious thought to these matters. It is hoped that now they will take up these problems, as also the question of amending the Acts as recommended by Dr. M. S. Mehta's Committee. It is also hoped that solutions will emerge which will be helpful to students as well as to the University.

3. The University departments continued their normal research activities as well as research projects approved by the Council of Scientific and Industrial Research, the Atomic Energy Commission, the National Council of Education & Research Training, the Ministry of Defence etc. Some new research projects were also approved by the ICSSR during the year 1970-71 under Dr. Iqbal Narain and Dr. C. P. Bhambhari.

4. The following Summer Institutes, Summer Schools and Seminars were organized by the University Departments with financial assistance from the U. G. C. :

(i) Orientation Course for Junior/Fresh College teachers by the University Department of Adult Education from June 21 to July 18, '71;

(ii) Summer Institute in Chemistry for College Teachers by the Department of Chemistry in May-June, 1971;

(iii) Summer Institute in Mathematics for Teachers from Secondary Schools/PUC/Intermediate and Training Colleges by the Department of Mathematics from May 16 to June 19, 1971;

(iv) Seminar on 'Nehru & Nation Building' by the Department of Political Science in March, 1971;

(v) The University Department of Mathematics organized the 5th Annual Conference of the Association of Mathematics Teachers of India with financial assistance from the University, the State Government and the U. G. C.;

(vi) The Department of Political Science organized a Seminar on 'Role, Functions and Organization of the ICSSR with financial assistance from the ICSSR.

5. The University recommended to the U.G.C. applications for special grants from some of the affiliated Colleges for the purchase of Library books, laboratory apparatus, furniture, construction of staff quarters etc. and about 29 Colleges benefitted under this scheme. Similarly, the University Grants Commission also approved grants to 88 Colleges for Student Welfare Programmes. The teachers of the affiliated colleges were also benefitted by the UGC grants under the scheme for Award of financial assistance to teachers for research works. 18 Lecturers from affiliated Colleges took advantage of this scheme.

6. During this year, the University introduced rules for the payment of gratuity to its employees and they were implemented with retrospective effect (i.e. April 1, 1969). Service Rules for work-charge employees were brought into effect from 1.1.1971. The University granted to its employees ad-hoc relief as per recommendation of the State Government. Many other facilities such as provisions for house construction loan, special loan etc. were also introduced during the year under review.

7. About 25 teachers of this University were able to avail of the U.G.C. award of financial assistance for their research work. Some of our teachers were honoured by the U.G.C. and other agencies by being accorded recognition for their work. Prof. S.P. Verma was selected by the U.G.C. to deliver lectures under the scheme of National Lectures. Prof. B.L. Saraf was nominated by the National Council for Scientific Education to visit the U.S.A. Prof. T.K.N. Unnithan visited the University of Calagary during September, 1970. Dr. Iqbal Narain attended the Conference on 'Research Areas in Developing Countries' organized by the Centre for Comparative Studies in Technological Development and Social change, Minniapolis, Minnesota (U.S.A.) without any financial liability to the University. Dr. G.S. Sharma, Dean, University Studies in Law, was elected President of the All India Law Teachers' Association for the session 1971-72 at the time of the Annual Session of the All India Law Teachers' Association at Jaipur. Besides these, the work of many other teachers in this University was appreciated and recognized by several agencies. Thus the members of our teaching staff have kept up their interest in extending the frontiers of knowledge.

Ti[illegible] members of our teaching staff have kept up [illegible] extending the frontiers of knowledge.

8. Five foreign Professors visited the University under the Cultural Exchange Programmes between India and other countries. Shri M.L. Mishra, Director, University Institute of Correspondence Studies and Dr. Daya Krishna, Head of the University Department of Philosophy were selected to visit the USSR under the Cultural Exchange Programme.

9. Benefitting from the U.G.C. unassigned grant, Mrs. C.K. Dandiya, Director Incharge, Adult Education (Extension Wing) Department attended an International Conference at Montreal, Dr. Om Prakash, Director, University College of Commerce, attended the XVIII International meeting of the Institute of Management Sciences at Washington; and Shri N.N. Gidwani, Director of University Libraries, attended an International Conference at Canberra (Australia).

10. Attempts were also made to solve the problems of students. New construction work was undertaken in different units to meet the immediate demands of the students. The teaching wing started its work as usual from the beginning of the session. During the year, the tone of students discipline was on the whole satisfactory except that the University had to be closed from 13th November to 25th November, 1970. The main demand of the students related to the reduction of room-rent, electric and water charges from the hostellers. For the first time during this session the system of direct election was introduced in the Students Union. On several occasions discussions were held with the students. New and rationalized schemes of concessions in attendance were introduced for the benefit of students who were taking active part in games and sports, so that they could appear in the examinations without sacrificing their interest in games and sports. 13 teams representing this University participated in the Inter-University tournaments at different University centres. It was decided that two captains of University teams in the various games be appointed, by rotation, every year as members of the University Sports Board.

For the benefit of poor boys studying in the University, a Vice-Chancellor's Aid Fund was created and detailed rules for the same were approved by the Syndicate during the year under review.

11. N.C.C. Training was carried out as per syllabus during the year under review and the over-all impact of N.C.C. Training on the students was satisfactory. However, it was reported that attendance on parades was not quite what it should have been. It is necessary that interest be created amongst students for this important national activity.

12. During the year under review, three candidates were admitted to the D.Litt. degree and 72 to the Ph.D. degree of this University. The following table gives the actual break-up subjectwise :—

D. Litt.	Hindi	2
	Sanskrit	1
Ph. D.	Hindi	13
	Sanskrit	2
	Music	1
	Political Science	2
	History	4
	Urdu	2
	Philosophy	1
	Geography	1
	Sociology	1
	English	1
	Chemistry	13
	Botany	7
	Zoology	4
	Mathematics	4
	Physics	5
	Faculty of Commerce	10
	Education	1

It is gratifying to note that the examiners spoke highly of the standard of research attained in these theses.

The examination results have been good as usual, with hundred percent passes in as many as 33 examinations. However, most of the results of undergraduate classes were below 50% efforts need to be made to improve these results.

13. The ceremonial part of the Convocation of the University scheduled to be held on the 19th December, 1970 had to be abandoned on account of disturbances by students of the Law faculty. However, the Vice-Chancellor conferred the degrees by using his emergency powers. Medals were awarded at a small function in the evening at the residence of the Vice-Chancellor where the Chief Guest, Dr. Ramdhari Singh Dinkar also addressed the gathering.

14. Apart from other important academic changes in the University, a new Faculty of Sanskrit came into existence with effect from the academic session 1970–71.

15. The U.G.C. was approached for providing assistance for strengthening the University Scool of Law. Proposals were, therefore, sent to the U.G.C. for providing grants for additional staff, for purchase of books, construction of buildings etc. Those proposals could not be accepted but I am happy to announce that the Government of Rajasthan has now been good enough to grant a sum of Rupees 2 lakhs towards the construction of a building for the School of Law. The University has also been sanctioned special assistance by the U.G.C. for Chemistry under the programme of Centres of Advance Study. A proposal has also been sent to the U.G.C. for starting the M. Lib. Sc. Course, but probably the U.G.C. is not in favour of multiplying this course at many places. Similarly, efforts are also being made for starting post-graduate courses in Urdu, Home Science, Education etc. The U.G.C. has very kindly agreed to provide 100% assistance, outside the plan allocation, for providing recurring and non-recurring grants for setting up of a Department of Education during the IV Plan period.

16. During the year under review, several construction works were completed in different units of the University, for example, cubicles were provided in the Commerce College, and road, wire-fencing, gates and fans were provided in the Rajasthan College campus. A Reading-hall, gates and cash-counters were constructed in the Maharaja's College campus. In Maharani's College the work of building a Common Hall was completed in addition to other minor works. The foundation stone was also laid for the construction of the Botany Department in the University Campus.

17. As reported last year, the State Government has fixed a Non-Plan Maintenance Grant for our University for next five years on the base year 1969-70 and has allowed a compound trend increase of 7% every year. During the year 1970-71 the State Government released a total sum of Rs. 124.62 lacs as Block Grant. This amount included a sum of Rs. 41.59 against arrears of grant for the preceding years. Including the amount of State Government Non-Plan Grant mentioned above, the total Non-Plan receipts of the University for the year 1970-71 amounted to Rs 181.77 lacs Against this the total Non-Plan expenditure was of the tune of Rs. 155.65 lacs. Thus a net saving of Rs. 34.17 lacs accrued to the University. The amount of this saving has been utilised to recoup the depleted Reserve Funds of the University which stood on 31st March, 1971 at Rs. 13.37 lacs. A further sum of Rs. 15.37 lacs was utilised for creating various funds for making advances to University employees for purchase of conveyance, house building, etc. A sum of Rs. 12 lacs was also invested in short term call deposits to ensure that a part of the surplus remained readily available to the University in times of financial emergency.

18. Since 1970-71 the University's financial position has improved and as would be observed from the budget for the year 1971-72 presented before the Senate separately, no deficits have accrued to the University during the year 1971-72 and it is envisaged that the budget for 1972-73 would be a balanced budget.

Thus the aforesaid paragraphs give a picture of the University in different spheres during the session 1970-71.

The University has come a long way since its inception 25 years ago. It has developed in many directions—new departments and studies have been added to it—the number of students and teachers has risen—and the quality and quantity of research have improved, so that this University has carved out a place for itself in the academic world. But higher education in our country is now passing through a crisis, and the future is not clear. Agitation and unrest amongst the students, and latterly among the teachers also, have provoked a lot of thinking on the objectives, structures, pattern and contents of University education. Increasing

for money on the part of educational institutions, and the acute shortage of finances from which State Govermnents are suffering have added a new dimension to the problems of the universities. The question of amending the Acts and Statutes is engaging the attention both of the Government and the University authorities. Partly this change may be needed to accommodate the aspirations and rising expectations of our teachers and students, and partly it will be required to solve the difficulties resulting from the complexity and the unwieldy size which this University has now attained More buildings in the shape of laboratories, class-rooms, hostels, living quarters are needed. The Government of Rajasthan has agreed to subsidise a building for Law Department, and work may soon be started on three students hostels, but there is an acuute shortage of space in all the departments and colleges. The U.G.C. has also agreed in principle to starting Correspondence Courses at the Post-graduate level in two subjects, but as yet it has sanctioned no money and has not given any guide-lines or rules. We have, however, started these courses for History and Political Science. The examination system has also to be overhauled, because the present system has a number of weaknesses. Efforts are being made to introduce the semester system, and also to introduce a separate Examination Section under a Controller of Examinations, in order to bring efficiency. There is some talk of job-oriented education, but a large section of our faculty still stands committed to the old culture-oriented pattern. The future, therefore, is not quite clear. This is true of the whole of India. But we hope that under the leadership of the U.G.C. and the Ministry of Education and with the co-operation of the State Government which, we hope, would be more liberal in its grants, it will be possible for this University to overcome its present difficulties and to continue its onward march.

6. Prof. P.L. Bhargava, Head of the University Department, of Sanskrit who had attained the age of superannuation on the 28th May, 1969 and was granted extension in service for two years, was granted extension in service for further one year w.e.f. the 28th May, 1971 under the provisions of O.376-F of the University Hand-Book Part II.

7. Dr. G.N. Sharma (who was promoted as Professor ex-cadre in the University Department of History w.e.f. the 10th April, 1971) completed his extended term of two years on 1st May, 1971 and was granted extension in service for further one year w.e.f. the 2nd May, 1971 under the provisions of O. 376-F of the University Hand Book Part II.

8. The following persons were appointed as University Professors in the subjects noted against each.

1.	Dr. J.N. Gour	Physical Chemistry
2.	Shri Ziauddin Khan	Public Administration
3.	Dr. R.G. Sarien	Business Administration

9. The Vice-Chancellor, Prof. P.L. Bhatnagar in his capacity as Chairman of Indian National Committee for Theoretical Applied Mathematics and National Committee for Mathematics was deputed by the Union Ministry of Education to lead the Indian Delegations to—(i) General Assembly meeting of the International Union of Theoretical and Applied Mechanics at Liege (Belgium)—August 27, 1970, (ii) Sixth General Assembly of the International Mathematical Union at Menton (France)—August 28-30, 1970 and (iii) International Congress of Mathematics at Nice (France)—September 1 to 10, 1970.

10. On an invitation extended by the Association of Commonwealth Universities, London the Syndicate requested the Vice-Chancellor to attend the Conference of Executive Heads of the Member-Universities to be held at Legon (Ghana) from August 30 to September 6, 1971, and sanctioned to him the actual air return journey as well as out of pocket expenses for the purpose.

11. Prof. S.P. Varma, Head of the University Department of Political Science was selected by the University Grants Commission to deliver lectures under its scheme of National Lectures for the year 1970-71. Prof. Varma delivered the lectures at the Gujarat University from January 28 to February 3, 1971.

12. Prof. B.L. Saraf, Head of the University Department of Physics was nominated by the National Council for Science Education to visit the U.S.A. for three months towards the end of the year 1970, under the programme undertaken by the Council for the improvement of Science and Technical Education in India with the U.S. National Science Foundation and U.S. Agency for International Development.

13. Prof. T.K.N. Unnithan, Head of the University Department of Sociology went for a period of one year ending on 21st September, 1970 to the University of Calagary, Canada as Visiting Professor.

14. Prof. Iqbal Narain, University Department of Political Science, Jaipur was permitted to attend a Conference on Research Areas in Developing Countries organised by the Centre for Comparative Studies in Technological Development and Social Change Minnicopolis, Minnesota (U.S.A.) (without any financial libility to the University).

15. The annual Session of the All India Law Teachers' Association and the All India Mathematics Teachers Association were held at Jaipur under the joint auspices of the University, and a sum of Rs. 3,000/- for the former and Rs. 2,000/- for the latter were sanctioned by the Syndicate. Prof. G.S. Sharma, Director of the University Studies in L wa ected as President of the All India Law Teachers Association for the session 1971-72.

16. The following Conferences were recognised for the purpose of deputing delegates on behalf of the University:

1. Indian Association of Teacher Educator.
2. Indian Psychiatric Society.
3. All India Ayurveda Vidyapeeth, Delhi.
4. Rajasthan Pradesh Ayurveda Congress, Jaipur.

17. The Indian Medical Association, Bikaner organised the 46th session of the All India Medical Conference at Bikaner and the University sanctioned a contribution of Rs. 2,000/- for organising the same.

18. A grant of Rs 2,000/- from University funds was sanctioned for holding a Summer School in Accountancy and Business Statistics for college teachers for 15 days in May, 1971.

19. One scholarship of the value of Rs. 40/- per month was instituted to be awarded to a candidate who stands first at the Final Year examination of the four-year integrated Teacher Education Course in Science and joins either M.Sc. (Previous) class or M.Ed. class in the University or in any of its affiliated colleges in the same year, provided that he passes the aforesaid Final Year examination in the first attempt. The tenure of the scholarship would be 24 months in the case of candidates joining the M.Sc. course and 12 months for those joining the M.Ed. course.

20. On a recommendation made by the Faculty of Commerce and the Academic Council, it was decided that the present nomenclatures of the following three Departments of Commerce be changed as shown against each.

1.	Department of Accountancy and Statistics.	Department of Accountancy and Business Statistics.
2.	Department of Business Administration.	No Change.
3.	Department of Applied Economics and Finance.	Department of Economics Administration and Financial Management.

21. Heretofore the University awarded one Gold Medal on the result of the M.Com. examination. It was decided that w.e.f. the M. Com. Final examination of 1970 three Gold Medals be awarded —one each for the M.Com. Degree in (a) Acconntancy and Statistics, (b) Business Administration, and (c) Economic Administration and Financial Management. Similarly, a separate University Gold Medal was instituted for the examination for the degree of Master of Business Administration.

22. The Syndicate accepted a donation of 4,000/-, made by the Rajasthan Canal Board, for instituting a Gold Medal entitled—'Rajasthan Canal Board Gold Medal' to be awarded every year to the candidate standing First in order of merit at the B.E. (Civil) Examination of the University.

23. The Syndicate accepted a donation of Rs. 4,250/- made by Shri K.C. Shah, Kamani Charity Trust, Jaipur for instituting a Gold Medal entitled—'Jaipur Metals and Electricals Gold Medal' to be awarded every year to the candidate standing first in order of merit at the B.E. (Electrical) Examination of the University.

24. To the 8 faculties already existing in the University, there was an addition of a new faculty, viz., the Faculty of Sanskrit Studies which came into existence w.e f. the academic session 1970-71. The Shastri and Acharya examinations which were heretofore conducted departmentally by the State Government to

by the University and all the Sanskrit Colleges imparting instructions for the Shastri and Acharya examinations were granted provisional affiliation after undergoing necessary formalities of inspection etc. Prof. P.L. Bhargava, Head of the University Department of Sanskrit was appointed as the Dean of the Faculty. While the examinations of 1971 were conducted in accordance with the Rules, Regulations and syllabi as had been prescribed by the State Government, a serious thought was given to the entire structure of courses by the newly constituted Board of Studies and the Faculty. These bodies recommended a three-year course for the Shastri Examination (instead of two years). The recommendation was accepted by the Academic Council and the Syndicate for introducing the three-year degree course for the Shastri examination w.e.f. July, 1971.

25. The Faculty of Commerce had appointed a broad-based Committee to make suggestions for reviewing the existing schemes of examination and courses of study with a view to making the same job-oriented and more purposeful. The recommendations of the Committee were considered by the Faculty and after the same was approved by the competent University Bodies, the revised scheme for the B.Com. examination was accepted to be brought into effect from July, 1971. The suggestions made for changes in the M.Com. courses were referred to the Boards of Studies under the purview of the Faculty.

26. A proposal for introducing Military Studies' as a compulsory or optional subject for the B.A./B.Sc./B.Com. courses was dropped after giving a careful consideration.

27. On a purely temporary and adhoc basis for the session 1970-71 (viz., upto 31st March, 1971) an Evening College to be named as 'University Evening College for Post-graduate Instruction' was established and admissions were made to the M.A. Previous class in the subjects of Economics and Political Science. Students who had passed their B.A./B.Sc./B.Com. examination of the University in the year 1970 from Jaipur as their centre for the Main examination and were not eligible for taking examination as private candidates under the rules of the University, were admitted to the said Evening College. The condition of obtaining the minimum percentage of marks at the qualifying examination (as imposed in the case of admissions to the University Teaching Departments)

was not applicable to the admissions made in the said Evening College. It was further decided that the Evening College would run M.A. Final classes in Economics and Political Science for the session 1971-72 so that the batch of students which passed their M.A. Previous examination as regular students of the college could complete their studies for the M.A. degree. No fresh admissions to the M.A. previous class were to be made for the session 1971-72.

28. The one-year Shiksha Shastri course leading to the Shiksha Shastri Degree of the University (open to the holders of Shastri degree or B.A. degree with Sanskrit) which was heretofore Under the purview of the Faculty of Sanskrit Studies, was transferred to the purview of the Faculty of Education for the obvious reason that the Shiksha Shastri course was organised almost on the same lines as that of B.Ed. degree. It was also decided that the B.Ed. course and the Shiksha Shastri course could be permitted to run in one and the same institution provided the minimum requirements for each are fulfilled separately.

29. The Shastri and Acharya examinations in the Faculty of Sanskrit Studies were thrown open to the private candidates under the categories of women, inspectors, librarians etc. on the same conditions as are prescribed for the aforesaid categories of students for appearing at the B.A. and M.A. examinations.

30. The University Department of Adult Education (Teaching wing) had been conducting since 1967 a one-year course (after graduation) leading to 'Diploma in Adult Education. The scheme of examination and the contents and scope of its syllabus were strengthened and it was decided that with effect from the examination of 1972 successful candidates be awarded "Bachelor's Degree in Adult Education" (in place of Diploma in Adult Education)." The Course would be in the purview of the Faculty of Education.

31. The nomenclature of the degrees of Bachelor of Library Science and Master of Library Science was changed to—'Bachelor of Library Science and Documentation' and 'Master of Library Science and Documentation' with effect from the academic session 1971-72.

32. The National Council for Educational Research and Training, New Delhi made a proposal for introducing, at the Regional College of Education, Ajmer, Vacation-cum-Correspondence

courses leading to the B.Sc. and M.Sc. Degrees of the University for the teachers working in the Secondary Schools. The Academic Council did not accept the proposal for the M.Sc. degree and referred to the Faculty of Science the proposal for introducing Vacation-cum-Correspondence course for the B.Sc. degree. The Faculty accepted the proposal and recommended to the Council a set of Ordinances to provide for the course. The duration of the courses of study, the syllabi and the scheme of examination for the proposed Vacation-cum-Correspondence course will exactly be the same as for the B.Sc. pass course degree of the University. A provision was also made in the Ordinances that at least 560 periods will be arranged during each academic session. The actual starting of the course will depend upon the facilities to be provided for the course by the Regional College of Education, Ajmer.

33. In connection with the four year Teacher education Course in Science leading to the B.Sc. B.Ed. degree of the University, a suggestion had been made by the Principal, Regional College of Education, Ajmer for providing for Honours course also and to change the nomenclature of the degree to—'B.Sc. (Pass/Hons.) B.Ed. The suggestion was carefully examined by the Faculties of Science and Education and on their recommendation it was accepted by the Academic Council and the Syndicate.

34. A broad-based Committee under the convenership of Prof. Daya Krishna had been appointed last year for reviewing the entire examination system and suggestion reforms in the same. The suggestions made by this Committee were considered by the Academic Council, and the Council together with its own observations thereon, referred the same to the various faculties.

35. The composition of the Faculty of Ayurveda as laid down vide O. 126—A was slightly modified so as to provide for all Heads of Departments within the Faculty in the affiliated Ayurveda colleges, provided they possess 8 years experience of teaching Acharya classes in a subject of the Faculty. (Heretofore only one Head of the Department for each of the subjects assigned to the Faculty represented on the Faculty and such a Head of the Department was elected by the Heads of Departments in all the affiliated Ayurveda Colleges from amongst themselves).

36. The composition of the Faculty of Sanskrit Studies was also slightly modified so as to provide representation of a teacher (other than the Principal) possessing 8 years experience of teaching Shastri classes, from each affiliated Sanskrit college. Similarly, the composition of the Board of Studies in Sanskrit was also changed so as to provide for 15 members instead of 11 members. Besides, a provision was made for appointment of a Sub-committee by the Board for the modern subjects of Hindi, English, History, Economics and Political Science which will have 11 members.

37. M.A. courses in Psychology were started in the University two years ago and, therefore, it was felt that there should be a separate Board of Studies in Psychology instead of having a combined Board of Studies in Philosophy and Psychology. It was, therefore, decided that with effect from the next term of the Boards of Studies in a separate Board of studies in Psychology be constituted.

38. Heretofore the Board of Studies in Medicine had a Sub-Committee known as 'Post-graduate Medical Education and Research Committee', and the schemes of examinations and courses of study for the post-graduate degrees and diplomas were recommended by this committee to the Board of Studies. As there was a statutory limit to the membership of the Board of studies so as not to exceed 11 and the number of specialities in the Faculty was growing, it was decided to form nine 'Medical Education and Research Committees' one each for Medicine and Allied Specialities; Surgery; and Allied Specialities; Ophthelmology; Gynaecology and Obstetrics; Preventive and Social Medicine; Anotomy; Physiology, Micro-biology and Forensic Medicine. These Sub-Committees will consist of 3-5 members and will be appointed by the Board of Studies in Medicine for a period of 3 years from amongst the Heads of the Under-graduate and Post-graduate departments of the affiliated medical colleges in rotation. The Committees will make their recommendations to the Board of Studies in Medicine in regard to the courses of study, curricula and scheme of examination etc. in their subjects/specialities.

39. Candidates attaining high proficiency in games and co-curricular activities were given a concession of 5 marks for purposes of admission to higher courses of study. With a view to giving further encouragement to such candidates, it was decided to [illegible] the concessions as under :

(a) To a candidate representing his institution	concession of 5 marks
(b) To a candidate representing his University at the I.U.B. meet.	cancession of 8 marks
(c) To a candidate representing his State at the National level.	concession of 10 marks
(d) To a candidate representing his nation at the International level.	Be deemed eligible for admission if he just secures the min. pass marks.

40. On a suggestion from the University Board of Sports the Syndicate decided that two captains of University Teams in the various games be appointed by rotation every year as members of the University Sports Board.

41. On a request made by the General Secretary, National Federation of the Blind Graduates, Delhi, the Syndicate decided that charges payable to the amanuenses in the case of blind candidates be borne by the University.

42. With a view to promote, organise and develop a Students Aid Fund in the University for helping the needy students in the various teaching units of the University, a 'Vice-Chancellor's Aid Fund' was created and detailed rules for the same were approved by the Syndicate.

43. The minimum scales of pay as laid down by the University for the teachers of affiliated colleges under O.66 of the University Hand Book Part II were revised on the basis of the revised pattern adopted by the State Government for teachers in the Government colleges. These revised scales came into force from 14.12.1970. Similarly, the pay scales for librarians and Physical Instructors of affiliated colleges were also revised and given effect from 17th April, 1971.

44. With a view to provide extra retirement benefit in the form of ex-gratia payment to the employees of the University, the Syndicate approved 'payment of Gratuity to employees Rules' and the rules were given retrospective effect from April 1, 1969.

45. With a view to provide service conditions for the Work-charged employees of the University and thereby ensuring due protection and service benefits to such employees, the Syndicate enacted 'University of Rajasthan work-charged Employees Service Rules' and the same were brought into force w.e.f. 1.1.1971.

46. Provisional recognition granted by the Syndicate to the RUTA (Rajasthan University Teachers' Association) for one year w.e.f. July, 1969, was extended till the position was further reviewed.

47. The State Government granted to its employees adhoc relief of Rs. 10/- Rs. 15/- w.e.f. 1st January, 1971. The Syndicate on the recommendation of the Finance Committee also decided to grant the same relief to the University employees.

48. With a view to provide more residential accommodation to the University employees, the Syndicate accepted the recommendation of the Finance Committee that a sum of Rs. 7 lacs be transferred from the University Reserve Fund (amounting to Rs. 22.45 lacs) to the General Fund for the purpose of construction of 12 quarters for class IV staff, 8 for ministerial staff, 4 for administrative officers and 12 for lecturers.

49. In view of increase in cost of construction due to rise in the wage level as well as the price of building material, the Syndicate on the recommendation of the Finance Committee raised the limit of House Building Loan to University employees from Rs. 20,000/- to Rs. 25,000/-.

50. During the year total expenditure incurred on the Press including salaries of staff, purchase of stores etc. was Rs. 3,44,846/-. As against this, the total work done at the Press was evaluated at Rs. 3,83, 873/-. The evaluation, as per practice obtaining in this behalf, has been made at the printing rates obtaining in the market in 1962 when the press was established though since then the market rates have gone considerably higher up.

51. With the rise in the number of candidates appearing at the various examinations of the University, it has been necessary to increase the staff in the Central Office from year to year. Consequently, the available accommodation in the Central [illegible] was found to be inadequate and it had [illegible] that

additional accommodation for the increased staff be provided without delay. Therefore, it was decided that the University Administrative Block be suitably extended and the relative expenditure be met out of the savings that have accrued to the University in the account of some examinations conducted by the University on behalf of other bodies such as P.M.T.

52. The report of the Work Study Team in respect of the University office as submitted by the Secretariat Training School, Government of India, New Delhi was referred by the Syndicate to a Committee under the convenership of Shri S.S. Saxena, Retd. Director of Education, Rajasthan. The Committee submitted its final recommendation which were accepted by the Syndicate and implemented w.e.f. 2nd December, 1970. The net effect in the sanctioned strength of the office was reduction of one post of Assistant Registrar and one post of Section Officer, and addition of 6 posts of Assistants, 5 of U.D.Cs. and 2 of L,D.Cs. The entire set-up of the office was re-organised and a Hand Book of office-Procedure approved by the Committee was circulated amongst the members of the staff so as to streamline the working on efficient lines.

53. M/s Kalani and Co., Chartered Accountats were appointed as Auditors for auditing the University accounts for the year 1970–71.

54. The tone of student discipline was on the whole satisfactory except that the University had to be closed from 13th November to 25th November, 1970 due to student un-rest in connection with their demand for revision of room rent and electricity and water charges realised from the hostellers. The students had earlier met the Chief Minister and with joint consultation the University had already decided to reduce these charges by about Rs. 10/– per hosteller per month. Soon after this decision was taken, another charter of demands was presented to the Vice-Chancellor and the University was asked to fulfil all those demands within two days. The situation grew tense. The student leaders did not listen to reason and indulged in damaging public property. It was, therefore, considered desirable to close the University.

55. The following Research schemes approved by the C. S.I.R. Department of Atomic Energy, and the Ministry of Defence were

in progress in the various Science Departments. The names of Investigators and the details of grant sanctioned in each case are also noted below :—

57. The C. S. I. R. awarded one Senior and 9 Junior adhoc fellowships of Rs. 500/- and 300/- p. m. respectively for research work in various Science Departments.

58. The following research Projects commenced in Previous year continued during the year under report : –

1. Research Project in 'An Investigation into some correlates of job orientation of University Students' financed by NCERT under Dr. S.N. Sinha in the University Deptt. of Philosophy.

2. Research Project on 'Management of Primary Schools under Panchayti Raj in Rajasthan" financed by NCERT under Dr. Iqbal Narain in the University Deptt. of Political Science.

3. Research Project entitled 'Aminoacid and Vitamin requirement and deficiency effects on the Psychology of Lasioderma Sericaorne (F) and Organiphilus Surina mensis (L), financed by the United State Deptt. of Agriculture, Agriculture Service, Informational Programmes, Washington out of PL 480 funds under Dr. S.C. Saxena in the University Deptt. of Zoology, originally a grant of Rs. 83500/- was approved for this Project for a period of 3 years. The term of the project has been extended for 2 years ending on 25.3.73 and the amount of grant raised to Rs. 76980/- so that will now be the total grant Rs. 1,60,480/-.

4. Research Project entitled Urbanisation Growth Potential and Optmisation of Industrial Location in South East Rajasthan finance by the Research Programmes Committee Planning Commission under Dr. Om Prakash in the University College of Commerce.

5. Research Project entitled Reproductive Physiology of the Desert Verter hotes' financed by the Ford Foundation and the Govt. of India under Dr. L.S. Ramaswami in the University Department of Zoology.

6. Writing of 'Synopsis of thesis in the field of Social Sciences' financed by Indian Council of Social Science Research under Dr. Iqbal Narain in the University Department of Political Science.

7. Research Project entitled : Effects of Radiophosophoras on organogens fetal development in Mice and Rats' financed by the Deptt. of Health Education of Welfare, Public Health Service, Washington under Dr. P.N. Srivastava in the University Deptt. of Zoology.

59. The following new Research Projects were approved by the I.C.S.S.R. during 1970-71 :—

1 Research Project entitled 'Study of Election Polities and Voting behaviour in V Lok Sabha Elections in Rajasthan under Dr. Iqbal Narain in the University Department of Political Science at a total cost of Rs. 40,000/-.

2. Research Project entitled 'Municipal Elections in Rajasthan under Dr. C.P. Bhambhari in the University Deptt. of Pol. Science at a total cost of Rs 28,000/-.

3. Research Project entitled' roll of Panchayati Raj Institutions in Lok Sabha Elections. under Dr. Iqbal Narain in the University Department of Pol. Science, at a total cost of Rs. 5,000/-

4. A grant of Rs. 2949/- was also approved by the ICSSR for publication of the Report of Research Project entitled 'State Control of Panchayati Raj Institutions in Maharashtra completed some time ago under the supervision of Prof. Iqbal Narain, University Deptt. of 'Political Science.

60. The following Summer Institutes, Summer Schools, Seminars were organised by the University Departments with the financial assistance of the University Grants Commission.

1.	Orientation Course for Junior/ fresh College Teachers (21st June to 18th July 1971)	—Univ. Deptt. of Adult Education (Ext.) Director Mrs. C.K. Dandia
2.	Summer Institute in Chemistry for College Teachers (May—June, 1971)	—Department of Chemistry Director, Dr. J N. Gaur.
3.	Summer Institute in Maths. for Teachers from Secodary	—Departments of Mathematics Director,

	Schools/PUC Intermediate and Training Colleges, (16th May to 19th June, 1671)	Dr. M.C. Gupta.
4.	Seminar on 'Nehru and National Building' (March, 1971).	—Department of Pol. Science Dr. S.P. Verma.

61. The University Department of Mathematics organised the 5th Annual Conference of the Association of Mathematics Teachers of India with the financial assistance of the University the State Government and the University Grants Commission.

62. The Principal, M.L.V. Government College, Bhilwara organised the 4th Annual Session of the Rajasthan Economic Conference with the financial Assistance of the U.G.C.

63. The University Department of Political Science oaganised a Seminar on 'Role Functions and Organisation of the I.C.S.S.R. with the financial assistance of the ICSSR.

64. The University Teachers received the following grants from the U.G.C. under its scheme for award of financial asistance to teachers for research work.

The System of marking fictitious roll number at the Post-graduate (M. A., M. Sc. and M. Com.) Examination which was introduced in 1957, continued.

As a result of re-valuation of answer-books for the examinations of 1971 for which 2638 candidates applied, results declared upto the 15th January, 1972, are given in the Appendix :—I

6. Enrolment

The total number of students enrolled during the year 1970-71 as members of the University was 22385.

The number of students enrolled as day scholars was 21,394 and as night scholars 991.

7. Registration of Graduates.

The number of Registered Graduates during the session 1970-71 was 1972.

8. Convocation

The University Convocation was scheduled to be held on 19th December, 1970 and Dr. Ram Dhari Singh Dinkar, an eminent educationist and Hindi Poet, was invited to deliver the Convocation Address. Supplication for all degrees/diplomas was only done at the meeting of the Senate held on 18-12-70. All arrangements for holding the Convocation on 19th December, 1970 had been made and degrees and diplomas supplied to the receipients. However, the Convocation could not be held in the usual ceremonial way owing to an unfavourable situation created by a section of the students demanding conferment of the LL. B. degree in the University Convocation (instead of the 'First Degree Convocation') against the provisions of the statutes. Therefore, the Vice-Chancellor acting under his emergency powers, declared in the Convocation Pandal that the research and Post-graduate degrees, diplomas and other distinctions which were to be conferred at the Convocation shall be deemed to have been duly conferred. Thus the following degrees were awarded :—

10. N. C. C. Training

Training

1. The training has been carried out as per syllabus during the period under review. The over all impact of NCC training on the students was satisfactory and training in general has been good and the results achieved were quite satisfactory.

2. Training programmes were arranged and coordinated in such a way that maximum use of all available weapons and equipment could be made while imparting training by polling the resources.

3. The attendance on parade has not been satisfactory due to students unrest and lack of interest. Subsequently there has been a slight improvement after the importance of regular attendance was impressed upon the cadets by all concerned.

Camps

4. Generally the attendance at annual training camps, during the period under review has improved and is quite satisfactory. No problem was faced in any of the camps regarding administration. The standard of food was good and wholesome.

5. The training camps enabled the cadets to learn practically the lessons of duty and discipline, development of character and comradeship and ideals of service. The orderly soldier's life in camps and attachments infused in them the spirit of unity and purpose. The outdoor eexrcises and the practical work involving long marches/tactical exercises were fully liked by the cadet. They showed leadership and shouldered responsibility throughout the

camps. The cadets derived maximum benefit from camp training and as such it proved very useful.

6. A total number of 20 annual training camps were held. 236 NCC officers and 6,746 NCC cadets participated in these camps.

Attachment with Armed Forces Units

7. A total number of 5 NCC officers and 250 NCC cadets were attached to Armed Forces Units.

8. In addition to the above, six OTU cadets appeared before the SSB at different Centres and five of them have been selected.

11. University Library

During the year 1970-71, the libray made an all round progress in all its activities. The most important achievement during the year has been in the acquision of important bibliographical material and back volumes of a few important journals. A needed stress was laid in filling up the gaps in the volumes of journals acquired by the library in the past. The library also made some progress in acquiring important non-book material during the year. A machine for reading the microfiches was acquired during the year under review.

Finance

During the year there was an increase both in the total grant for the purchase of books and journals as also in the total budget of the library. Against a total budget grant Rs. 5,32,300 during the year 1970-71, a total sum of Rs. 6,06,000 was made for the year 1971-72. As regards the grants for the purchase of books the University provided a sum of Rs. 2,53,500 during the current year against a sum of Rs. 2,35,000 in 1970-71 out of the University's own funds.

Though the University did not receive any additional adhoc grants from the University Grants Commission for the purchase of books and journals, yet the library made sufficient progress in utilizing UGC grants already received by the University for the Fourth Five Year Plan period during the current year.

Taking into consideration the increase in enrolment of students to the University, high cost of books, increase in subscription of the current periodicals, etc., both the the grants received from the UGC as well as given by the University from its own funds are insufficient to meet the increasing requirements of books and periodicals. We should make efforts to obtain additional grants both from the UGC as well as from the State Government, to enable us to meet satisfactory and minimum needs.

Book Collection Acquisition, Gifts and Exchange :

The library accessioned a total of 11904 items including bound volumes of periodicals, theses, reports etc., during the year under review. The total collection as on 30th June, 1970 stood at 1,74,648.

During the year under review the library has endeavoured to acquire back volumes of some important journals from the special grant given by the University Grants Commission for the purchase of back volumes of journals. Some of the important journals whose back volumes have been acquired during the current year are given below :—

1. Annals of Collective Economy.
2. Economic Journals
3. Essays in Criticism.
4. Publications of Modern Language Association of America.
5. Geographical Journal.
6. Bulletin of the American Library Association
7. International Philosophical Quarterly.
8. Artibus Asiae.
9. Zeitschrift Fur Indologie Und Iranistik.

The library acquired the complete collection of Sir M[illegible] Madan of Bombay with the approval of the Library Committee [illegible] This Collection contains many important books, and [illegible] have now become out of print. This collection mostly [illegible] Humanities and Social Sciences subjects.

As regards Gifts special mention may be [illegible] ed [illegible] tu- Nivas Mirdha, Minister of State, Ministry [illegible]

has been donating a large number of Government reports, to the Library.

As usual the Library has been receiving back files of various Indian Newspapers from Library of Congress Book Procurement Centre, Delhi. A stage has now reached that the library should set up a separate Section of 'Gifts and Exchange' so that the material which is surplus from use may be usefully gifted away.

Microfilms :

The total number of microfilms as it stood on 30th June, 1971, was 544.

Theses :

496 copies of theses were received from the Registrar's office bringing the total to 5457 at the end of the year.

Reports :

With a view to render effective help to the research scholars, a separate Report section is being organised. Efforts are being made to procure all important Indian Government documents as far as possible. About 429 reports have been accessioned during the year under review.

Manascripts :

The Library has acquired some manuscripts in Hindi languages which were purchased from the special grant received from the UGC. Though the Library cannot claim of a comprehensive manuscript collection for the time being, yet a modest beginning has been made in this direction.

Children's Literature :

With a very limited grant for the purchase of children literature, the library has acquired about 200 books in the children wing of the University library.

The Childrens Section of the University Library remains open two hours a day from 4.00 P.M. to 6 P.M. during winter and from 8.00 A.M. to 10 A.M. during summer vacations.

Paintings :

The Library Committee in its meeting held on 1st August, 1970 decided that the Library should earmark a sum of Rs. 1000/- per year for acquiring original paintings. Accordingly the library acquired 5 original oil paintings during the year under review.

Periodicals :

At present the total number of journals subscribed as well as those received on complimentry basis is about 1750. Efforts are being made to bring the periodicals record on Kardex.

Library Facility and Services :

As usual the library remained open for 12 hours throughout the year except on 5 holidays as provided in the Library Rules. On Sunday's and other holidays the library remained open from 11.00 A.M. to 5.00 P.M. During summer vacations the library was kept open from 7.00 A M. to 5.00 P.M. On a special request of some of the Research Scholars the library was kept open to such research scholars as possessed research cabins in the University Library upto mid-night. However, during the morning hours the periodical counter remained open upto 7.00 P M. to facilitate research scholars to do serious work during vacations.

Enrolment :

The total number of members enrolled under the different categories during the year under review is as follows :—

1.	Students	1865
2.	Teachers	392
3.	Research Scholars	171
4.	Sp. members	182
	Total	2610

The total figure of membership shows an upward trend so far as enrolment is concerned.

Inter-Library Loan :

With a view to help research scholars the library procured 48 books this year from the University Libraries and other Institu-

tions on Inter-Library loan basis and loaned out 44 books during the year. This service is very much appreciated by the Research Scholars and other members of the library.

Issue :

During the year about 80105 books on different subjects were issued to the members of the library for their home reading. This figure shows that about 1920 books were issued more than that of last year. In addition about 160905 books were consulted from Text Book Section and Reserve Section of the Library.

Library Building Equipment :

The progress of the extension of the library building has been very slow. It is hoped that the extension of the building will be completed in every respect soon.

The four stacks newly constructed have been handed over to the library. Out of these four stacks two have been fully equipped with steel shelving purchased out of the UGC grant. Efforts will be made to get additional grants from the UGC for furnishing the remaining two stacks.

Library Committee :

During the year under review the library Committee met on 1st August, 1970.

Extension Activities :

1. *Orientation programmme.*

With the commencement of the academic session in the month of July, 1970 the library organised an orientation programme for fresh incoming students of the University. The students from the different Departments came in batches on successive days to the library and the members of staff explained to them the working of the different sections of the library. On the whole, the programme was successful.

2. **Convocation Library Week :**

As sual, this year too, the University Library organised a Convocation Library Week on the occasion of 23rd Convocation of the University, from 18th to 21st December, 1970.
